FLUX

Mid Tower Case

FLOW LUXURY

Front Mesh Panel with Integrated Acrylic Accents
Dual-Chamber Design with Optimized Airflow Path
Tool-Free Side Panel Removal
Maximizing Efficiency and Ease of Use

Up to 410 mm Graphics Card Length (without PSU shroud)

FLUX AIRFLOW

Triple-optimized front airflow channels for enhanced cool intake performance, a rear exhaust chamber and bottom airflow, along with top vents and storage cover, ensure efficient cooling without obstructions. Plus, effortless cleaning.

1X P14 PWM

1X P12 PWM

3X P12 PWM

MULTI-DIRECTIONAL VENT DESIGN

Front and Control-side right vent

Left side of PSU shroud

PRE-INSTALLED 5 X HIGH-PERFORMANCE PWM FAN

1X P12 PWM

1X P12R 2Pack PWM

1X P14 PWM

WITH BUILT-IN ARGB & PWM FAN CONTROL HUB IN SYNC WITH M/B

FLUX VERTICAL COOLING

Air intakes and high-performance ventilation fans throughout while preserving the interior efficient for the ventilation system.

FLUX HORIZONTAL COOLING

Air intakes and high-performance ventilation fans throughout while preserving the interior efficient for the ventilation system.

PREMIUM WOOD MATERIAL

Premium wood material with a natural texture and grain pattern, adding a touch of warmth and sophistication to any space. Durable and easy to clean, making it a practical choice for high-traffic areas. Sustainably sourced, reducing the environmental impact of production.

Fits Graphics Card Length (without PSU shroud)

OPTIMIZED CHASSIS DESIGN

Optimized chassis design with a focus on airflow and cable management. Features a mesh front panel for maximum airflow, a tempered glass side panel for visibility, and ample space for cable routing and management. Easy to build and maintain, with tool-free access to key components.

REMOVABLE TOP COOLING BRACKET

Removable top cooling bracket for easy access and installation of fans and radiators. Made of durable steel with a sleek design that complements any build. Supports up to 360mm radiators and 3 fans, providing powerful cooling for high-performance systems.

360mm

RECOMMENDED WATER COOLING

Recommended water cooling solutions for optimal performance. Top: 360mm radiator. Front: 360mm radiator.

FAN SUPPORT

RADIATOR SUPPORT

SUPPORT VERTICAL GPU MOUNT WITH VERTICAL BRACKET

Fully open PCI-E slot covers and the enclosure to boost the graphics card's stability.

SUPPORT BACK-CONNECT MOTHERBOARDS

Enjoy a clean, streamlined build with support for back-connect motherboards. Hide cables and components behind the motherboard tray for a clutter-free look. Compatible with a wide range of motherboard sizes and layouts. Easy to install and access, with tool-free design.

TOOL-FREE PANEL DESIGN

Tool-free panel design for easy access and installation. Simply slide or lift the panel to remove it, no screwdriver needed. Secure and stable when closed, with a sturdy latch mechanism. Perfect for frequent upgrades or maintenance.

SPECIFICATION

Model Name	
Motherboard Support	E-ATX/ATX/M-ATX/ITX/ MINI-ITX
Front Panel	Mesh Panel
Side Panel	Left Side Panel: Tempered Glass Right Control Side: Steel
Color	Black, Black-White, Black-Green, Black-Blue, Black-Purple, Black-Pink, Grey-White
Drive Bay Support	2 x 2.5"
Front I/O Ports	1 x USB 3.2 Gen 2 Type-C 1 x USB 3.2 Gen 1 Type-A 1 x Audio In/Out
Cooling Support	Top: 3 x 120mm / 2 x 140mm Front: 3 x 120mm / 2 x 140mm Rear: 1 x 120mm Bottom: 3 x 120mm / 2 x 140mm
Expansion Slots	7
Dimensions	230 x 490 x 490 mm
Gross Weight	13.5 kg
Net Weight	12.5 kg
Packaging	Carton
MOQ	50 PCS/40 HQ
