

STREET FIGHTER™ SPECIAL EDITION

Cooler Master is building upon the success of the MasterLiquid Lite Series with a redesigned and improved release of the MasterLiquid 360L Core, now featuring an exclusive Street Fighter design, celebrating the return of the new roster member - Luke. With the new dual chamber Gen S, water flow and pressure have been enhanced in combination with the new customized copper base to precisely target heat spots. The radiator surface area is larger than before for improved cooling performance. The included thermal paste has been upgraded to our premium CryoFuze thermal paste for even better heat conductivity. The new MasterLiquid L Core is the representation of Cooler Master's continuous improvement and innovation.

MASTERLIQUID 360L CORE SF6 LUKE

New Dual Chamber Gen S

Water flow and pressure have been enhanced in combination with the new customized copper base to precisely target heat spots.

Larger Surface Area

Increased surface area of the radiator fins improve heat dissipation.

CryoFuze Thermal Paste

Included premium CryoFuze thermal paste for even better heat conductivity.

Classic Design Tone

New design elements refresh the aesthetics for a closer minimalist look.
