360U  
All-In-One Gaming CPU Liquid cooler

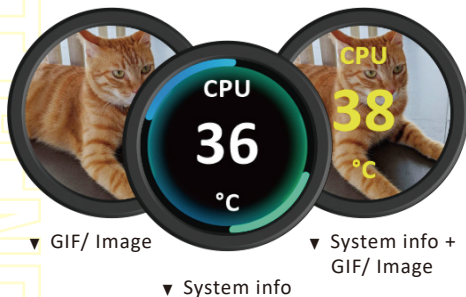

CHIONE P3-360U high-performance liquid cooler is a 360mm radiator AIO fine-tuned for next-generation cooling and equipped with a personalized LCD display. The AIO features a highly customizable IPS LCD display, a motor pump with a high-performance three-phase drive, an optimized cold-plate design, a micro-embedded fan within the pump head, and three fine-tuned AEOLUS M3 PWM fans to offer top-notch cooling power on any setup.

## NEXT GENERATION COOLING

## NEXT GENERATION COOLING

## NEXT GENERATION COOLING

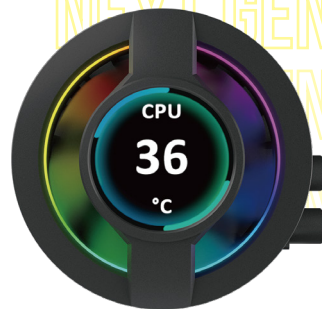

### PERSONALIZED LCD DISPLAY

The IPS LCD display allows you to monitor system performance statistics in real-time, while personalizing with any images or animated GIFs as background.

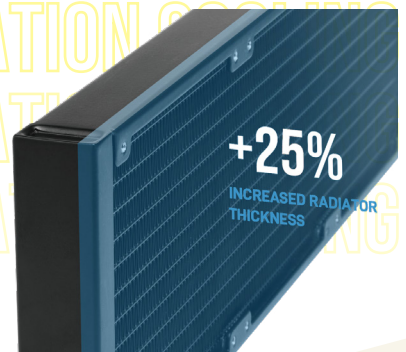

### S-TIER COOLING PUMP

Enhanced by a high-performance three-phase drive motor water pump up to 2800RPM, a micro-embedded fan for heat dissipation around CPU VRMs and surrounding components, and a high-density copper base cold plate optimized for seamless CPU fittings to provide maximized cooling performance.

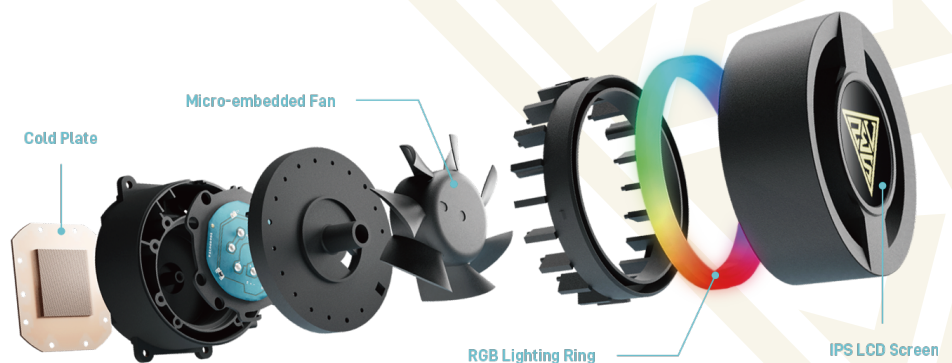

### ARGB LIGHTING RING

Equipped with a stunning ARGB lighting ring with pre-installed thirty different lighting modes for a dazzling display of lighting effects.

### SUPERIOR RADIATOR

Come with a premium-class radiator supporting a 25% increase in radiator thickness and high-density fins for a more reliable cooling ability.

NEXT GENERATION COOLING

### PERFORM IN STYLE

AEOLUS M3 PWM fans provide high static pressure of up to 69.01 CFM for optimized airflow guidance, and fully addressable ARGB lighting for a subtle and modish look.

### HYDRAULIC BEARING

With near-zero friction between moving parts, the AEOLUS M3 fans make minimal noise while generating maximum airflow with a long lifespan.

### UNIVERSAL COMPATIBILITY

The CHIONE P3 AIO cooler comes with an upgraded mounting kit for easy installation on both AMD and Intel platforms. (LGA 1700/AM5/TR4 Ready)

## SPECIFICATIONS

### FAN

■ Dimensions	120 x 120 x 25 mm
■ Speed	800-2000 RPM ±10%
■ Air Flow	69.01 CFM
■ Air Pressure	2.37 mmH2O
■ Noise Level	11-29 dBA
■ Bearing	Hydraulic
■ Rated Voltage	12 V (Fan)/ 5V(LED)

### COOLER

■ Radiator Dimensions	395 x 119 x 27 mm
■ Tube Material	Teflon
■ Base Plate Material	Copper
■ Radiator Material	Aluminum
■ Rated Voltage	12 V (Pump)
■ Pump Connector	3 Pin PWM
■ Compatibility	LGA2066/2011-v3/2011/1700/1151/ 1150/1155/1156/1200/1366 TR4/AM5/AM4/AM3+/AM3/AM2+/AM2 FM2+/FM2/FM1

### AEOLUS USB Box

■ Dimensions	83 x 59 x 14 mm
■ Connector	SATA / PWM / 5V 3-Pin sync / 9-Pin USB
■ Compatibility	3 fans / 1 LED strip / 1 LCD monitor

### Package Contents

- Fan : 3 PCS
- All-in-one CPU Liquid Cooler : 1 PC
- AEOLUS USB Box : 1 PC
- Thermal Grease : 1 PC
- Mounting Kit
